

MEMORANDUM

TO: Dora Robles, P.E. **DATE:** November 2, 2021
Transportation Engineer,
Advanced Project Development Section
Pharr District

FROM: Agustin Ramirez, P.E.
Design Support Engineer
Pharr District

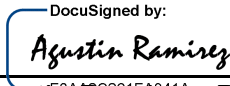

PROJECT: International Bridge Trade Corridor Schematics
CSJ: 0921-02-142
County: Hidalgo

SUBJECT: Approval of Preliminary Schematics

We have reviewed the preliminary schematics for the above-mentioned project and find that previous review comments have been addressed. The geometrics appear to meet the minimum design criteria for an Urban Freeway, as defined, in the Roadway Design Manual, Chapter 3 Sections 4,5, and 6.

We find the revised schematics layout and typical sections satisfactory for further development. These schematics meet with our approval. Therefore, be advised that the IBTC Road, CSJ 0921-02-142, Schematics has been approved.

This approval does not relieve the Engineer of Record from the accuracy of design and that all schematic requirements are met.
