RE: Quarterly Investment Report for QE September 30, 2014/Statement of Compliance

The above-referenced report is hereby presented, pursuant to the Public Funds Investment Act (PFIA), for your review and acceptance.

Yields remain at historic low. The most significant change during this quarter was the acceleration of vendor payments from the Bond Construction Fund.

The PFIA also requires that the report contain a Statement of Compliance, signed by the Investment Officers, as presented below:

STATEMENT OF COMPLIANCE

Pursuant to the PFIA, we the Investment Officers of the Hidalgo County Regional Mobility Authority, represent to you that the portfolio presented in this report is in compliance with:

The HCRMA's Investment Policy, and

The Public Funds Investment Act of the State of Texas

Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instrument to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.

(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

* The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee September be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

Holiday Reminder

Please note that in observance of the Columbus Day holiday, **TexSTAR will be closed Monday, October 13, 2014**. All ACH transactions initiated on Friday, October 10th will settle on Tuesday, October 14th. This is an unusual holiday where the investment markets are open but the banks are closed. Please plan accordingly for your liquidity needs.

Economic Commentary

The bullish sentiment in financial markets during the second quarter softened in July, as improving U.S. economic data led market participants to anticipate that the Federal Reserve might push up the timing of its first rate hike in years. Large cap equity markets hit new record highs in September. However, disappointing global growth, particularly in Europe and China, as well as softer inflation in the U.S. and a Fed signaling its patience in normalizing monetary policy left markets marginally more risk averse. The U.S. Treasury yield curve between two- and five-year maturities steepened by 2 basis points (bps), with the yield of the two-year note increasing 11 bps to 0.57% and the yield of the five-year note increasing 13 bps to 1.76%. U.S. economic data released in the third quarter was mixed. Notably, consumption – the largest component of GDP – remained strong and is poised to continue as consumers have built up their savings. Labor market data added fuel to the Fed debate as the September unemployment rate fell to 5.9%, having not seen unemployment below 6.0% since 2008. Market sentiment appeared to improve in August as the European Central Bank (ECB) acknowledged the need to act in the face of falling inflation rates. The ECB's move to negative deposit rates and new Targeted Long-Term Refinancing Operations reflect concern in the euro zone regarding the risk of prolonged low inflation and slow growth.

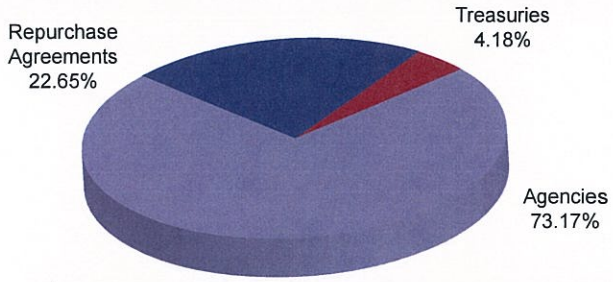

The base case remains that the global subtrend recovery will continue into 2015, within an environment of lower expectations for potential GDP and central bank rates. It is expected that the U.S. is headed toward a GDP rate of approximately 3% into year-end and that the Fed will provide the necessary liquidity for the U.S. to continue to expand until it perceives broader housing strength and/or material wage inflation. The sequencing of Fed normalization now involves continued reinvestment of principal and interest paydowns on existing balance sheet holdings and a more nuanced management of its lending rates via interest on excess reserves and its reverse repo facility. The Fed understands the potential risk of the first increase in the fed funds rates in over seven years, and it is anticipated that it will therefore be cautious in beginning to raise rates. The powerful technical factors of strong demand for yield and relatively limited supply have driven valuations to more expensive levels. Low global interest rates and low volatility will likely continue to force investor cash into bond markets. While the extremely low levels of market volatility have been rewarding, they are concerning if markets become too complacent.

TexSTAR versus 90-Day Treasury Bill

This material is for information purposes only. This information does not represent an offer to buy or sell a security. The above rate information is obtained from sources that are believed to be reliable; however, its accuracy or completeness may be subject to change. The TexSTAR management fee may be waived in full or in part at the discretion of the TexSTAR co-administrators and the TexSTAR rate for the period shown reflects waiver of fees. This table represents historical investment performance/return to the customer, net of fees, and is not an indication of future performance. An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment at $1.00 per share, it is possible to lose money by investing in the security. Information about these and other program details are in the fund's Information Statement which should be read carefully before investing. The yield on the 90-Day Treasury Bill ("T-Bill Yield") is shown for comparative purposes only. When comparing the investment returns of the TexSTAR pool to the T-Bill Yield, you should know that the TexSTAR pool consist of allocations of specific diversified securities as detailed in the respective Information Statements. The T-Bill Yield is taken from Bloomberg Finance L.P. and represents the daily closing yield on the then current 90-day T-Bill.

Performance quoted represents past performance, which is no guarantee of future results. Investment return will vary. An investor's shares, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than what is stated. To view performance current to the most recent month-end, contact us or visit our Web site at FederatedInvestors.com.

Although not contractually obligated to do so, the adviser and/or certain fund service providers waived all or a portion of their fees or reimbursed the fund for certain operating expenses. These voluntary waivers and reimbursements may be modified or terminated at any time; accordingly, the fund's expenses may vary (i.e., increase or decrease) during the fund's fiscal year. These waivers increase income to the fund and result in a higher return to investors.

Otherwise, the 7-day yield would have been -0.45% and total return would have been lower.

Total return represents the change in value of an investment after reinvesting all income and capital gains. Yield quotations more closely reflect the current earnings of the fund than the total return quotation.

The 2010 amendments to Rule 2a-7 dictate that money market funds maintain a 10% daily liquidity bucket and a 30% weekly liquidity bucket. Both requirements are 'point of purchase' requirements. Thus, it is permissible and probable that money market funds may, at any given time, have liquidity percentages reflecting less than the 10% and 30% thresholds. In such circumstances, the portfolio manager will be required to purchase securities to fill the requisite liquidity bucket prior to purchasing longer-dated securities. Additionally, the SEC requirements for what may be defined as 'daily' and 'weekly' differs from the standard maturities used in calculating the 'Effective Maturity Schedule.' Therefore, the percentages in the 2a-7 Liquidity table will generally not equal the amounts shown in the 'Effective Maturity Schedule.'

*This fund is on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/Full Faith & Credit listing. This designation denotes that the fund meets certain quality and pricing guidelines such as: a rating of AAA or Aaa by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV $1.00 at all times, allow a maximum 7 day redemption of proceeds, invest 100% in US government securities. This is subject to an annual review.

Portfolio Manager Commentary

In a year in which severe weather dominated much of the headlines, the U.S. economy in the third quarter of 2014 could be called partly sunny. That the economy was improving was not in question, but occasionally conflicting data would obscure the glow. Manufacturing displayed steady growth throughout the reporting period, with increased orders and heightened business activity leading to an upswing in hiring. Labor gained in the period, with the unemployment rate still around 6%, though the broader view is that poor wage growth and a disappointingly low labor participation rate kept optimism muted. But housing continued to underperform, with new home sales consistently below expectations. This was especially troubling because housing starts play such a large role in the economy, from construction to mortgages to durable purchases. But the number that kept shining through it all was the strong Gross Domestic Product reading for the second quarter, at 4.6 percent, leaping from the first quarter's weather-impaired decline of 2.1 percent. The Federal Reserve's Federal Open Market Committee met twice in the quarter, both times reducing the amount of its asset purchases and refraining from raising the federal funds rate from its near zero target range. A rough outline of how the Fed will exit its expansionary monetary policy (tightening) came in the September meeting. That meeting also saw a limiting of the overnight reverse repo program, which has helped money-market funds by putting a floor on rates. The 1- and 3-month Treasuries yielded fewer than five basis points throughout the quarter while the 1-month London interbank offered rate (Libor) hovered around 15 basis points.

An investment in the fund is neither insured nor guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although the fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in the fund.

Performance shown is for Service Shares. The fund offers additional share classes whose performance will vary due to differences in charges and expenses. Please consult your financial institution regarding your eligibility to purchase these classes.

A Word About Risk

Fund shares are not guaranteed by the U.S. government.

Current and future portfolio holdings are subject to risk.

Definitions

Net yields are based on the average daily income dividend and average net asset value for the 7 days ended on the date of calculation. The 7-day net annualized yield is based on the average net income per share for the 7 days ended on the date of calculation and the offering price on that date.

The fund is a managed portfolio and its holdings are subject to change.

The holdings percentages are based on net assets at the close of business on 9/30/14 and may not necessarily reflect adjustments that are routinely made when presenting net assets for formal financial statement purposes.

Weighted Average Maturity is the mean average of the periods of time remaining until the securities held in the fund's portfolio (a) are scheduled to be repaid, (b) would be repaid upon a demand by the fund or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates if their scheduled maturity is 397 days or less, and the later of the two dates if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.

Weighted Average Life is calculated in the same manner as the Weighted Average Maturity (WAM), but is based solely on the periods of time remaining until the securities held in the fund's portfolio (a) are scheduled to be repaid or (b) would be repaid upon a demand by the fund without reference to when interest rates of securities within the fund are scheduled to be readjusted.

Repurchase agreements consist of a financial institution selling securities to a fund and agreeing to repurchase them at a mutually agreed upon price and time.

Ratings And Rating Agencies

Money market ratings are an assessment of the safety of invested principal and the ability to maintain a stable market value of the fund's shares. Ratings are based on an evaluation of several factors, including credit quality, diversification and maturity of assets in the portfolio, as well as management strength and operational capabilities. A money market fund rated AAAm by Standard & Poor's is granted after evaluating a number of factors, including credit quality, market price, exposure and management. Money market funds rated Aaa-mf by Moody's are judged to be of an investment quality similar to Aaa-rated fixed income obligations, that is, they are judged to be of the best quality. Fitch's money market fund ratings are an assessment of the safety of invested principal and the ability to maintain a stable market value of the fund's shares. For more information on credit ratings, visit standardandpoors.com, v3.moodys.com and fitchratings.com.

Ratings are subject to change and do not remove market risk.

The securities in which a fund invests are also rated. Short-term ratings are opinions of the ability of issuers to honor short-term financial obligations. Ratings may be assigned to issuers, short-term programs or to individual short-term debt instruments. Such obligations generally have an original maturity not exceeding thirteen months, unless explicitly noted. First Tier securities are those rated in the highest short-term rating category by one or more Nationally Recognized Statistical Rating Organizations (NRSROs), such as Standard & Poor's, Moody's and Fitch or deemed by the Adviser to be of comparable quality to securities having such ratings.

Securities are considered to be "first tier" as follows: Standard & Poor's: A-1+ and A-1, based on the obligor's capacity to meet its financial commitment on the obligation; Moody's: P-1, based on the issuer's ability to repay short-term obligations; Fitch: F-1+ and F-1, based on the issuer's liquidity necessary to meet financial commitments in a timely manner.

Credit ratings do not provide assurance against default or other loss of money and can change.

RE: Work Authorization #1 on IBTC Segment 0010 – Geo. Investigation (Brg, RW, Flex Pave)
Invoice No. 7998

Dear Mr. Jones,

Attached for your review and approval is our invoice for services rendered during the month of October 2014 on the subject referenced project. The below referenced work product deliverables have been uploaded via Project Wise to the following directory: 0010 IBTC\01 Contract Admin\0010 L&G Lab\06 Invoice\20141104 October Invoice\WA #1.

The following is attached:
- L&G Lab's Invoice No. 7998
- Exhibit H-3
- Invoice Backup Uploaded to Project Wise Containing:
  - (1) – L&G Engineering Laboratory (L&G Lab) – (Prime Consultant)
    - Draft Geotechnical Report, Field Boring Logs Drilled, Lab Testing
    - Boring Location File (Google Earth .kmz file) – Up To Date

The following is a narrative of the progress for this period.

TASK
(1) – FC 110 (Sub-Task 110.1) – Geotechnical Exploration & Laboratory Testing
Updated – L&G Lab has staked 42 boring locations and cleared utilities at those locations. L&G Lab has drilled, logged and tested 18 Bridge Borings (B-BRG-1, 2, 3, 4, 6, 7, 8, 9, 10, 11, 13, 14, 26, 45, 46, 54, 56, 57) and 15 RW Borings (B-RW-1, 3, 4, 6, 10, 11, 12, 13, 14, 17, 18, 36, 37, 38, 39) this period. Soil boring was again slowed the early part of this month due saturated locations; however we were able to drill a significant portion of the project in the later part of the month with multiple drill rigs. L&G Lab will continue drilling and testing locations next month as weather permits.
(2) – FC 110 (Sub-Task 110.2) – Geotechnical Engineering & Report
Updated – L&G Lab has continued coordination with GEC (Dannenbaum) and Sub-Consultant (B2Z Eng) to determine Boring Locates and ROE concerns. A location map of all L&G Lab locations was created by L&G Lab & B2Z Eng in Microstation & Google Earth (.kmz). Updated map showing current progress (borings completed) has been uploaded to Projectwise. Draft report has been uploaded as well; however no changes have been made to report this period.
(3) – FC 110 (Sub-Task 110.2) – Geotechnical Engineering & Report (SUB – B2Z Eng)
No Update – See Progress Report & Back-Up dated 10-3-2014 for latest information.

(4) – FC 110 (Sub-Task 110.2) – Direct Expenses
No Update – No Direct Expenses to date.

Essentially the issues boil down to this:

- Silver approved only 80% of the ROW Mapping effort to TxDOT standard, this turns out to be an amount of $28,841.12
- Jaime had previously approved 100 parcels, although DLS parcel count (per contract documents) came down to 96 of them. We have an overpayment of 4 parcels. This needs to be handled by doing a 1 time reduction in the invoice for 4 parcels (Analy, of Juan approves of strategy then we send to Flor for review. If Flor unavailable and Juan approves, then give to Louis and explain situation- take this email with you).
- Other mathematical and accounting mistakes by DLS staff, now fixed with the new invoice file. For stance, they shows $108,000 paid to date for Task 7.1 ROW Mapping when in fact after parsing the invoices to WA 1, WA 2 and WA 3 (Future) they actually invoiced and got paid for $116,535.41. I fixed that and the % mistakes in latest file with the note (PMC Comments) in the title name.
- All files are within DLS's invoice directory, they can check our assessment themselves. They can either accept our analysis or wait until next month so that we have ample time to resolve any of their questions.

Weekly coordination with Dannenbaum and sub consultants throughout period for development of the progress set plan submittal. QA/QC work throughout progress set plan submittal. Drainage Studies have been completed and submitted for Dannenbaum review. Progress set has been uploaded too ProjectWise. Developed RFI's and have received responses. We are waiting on consideration of Supplemental No. 1 which will include the lowering the mainlanes and will extend the time needed for the 60 % submittal.*
FC150: FIELD SURVEY COORDINATION
UPDATED: *Submitted utility information to and coordination with utility coordinator, Identified potential areas needing supplemental survey for design work. Waiting on SUE information to complete U&D plans and for project coordination.*

FC160: ROADWAY DESIGN
UPDATED: *Incorporated 30 percent comments and developed progress set plan and profile sheets for the mainlanes, frontage roads and ramps. We have developed revised profiles for the ramps and roadside swales. Developed intersection layouts and U-turns. Design criteria have been verified and we are in the process of developing 60 percent plans.*
FC161: DRAINAGE DESIGN
UPDATED: *A HEC-HMS model is been developed and we have prepared drainage area map for areas outside of the right of way draining to and thru the IBTC corridor. Developed hydrology portion of drainage report including – preliminary write up, drainage area map, flowrates, and calculations. Hydraulics has commenced and we are routing streams and developing culver sizes using HEC-RAS and HY8. Final report anticipated to be completed at end of October. Have developed runs for floodway and waiting on geotech information to perform scour analysis.*
FC162 – TRAFFIC
UPDATED: *Commence with laying out sheets for signing and pavement markings. Sign and pavement marking standards. Phasing plan approved by Dannenbaum, working on developing traffic control plans.*
FC163 – MISCELLANEOUS ROADWAYS
UPDATED: *Developed retaining wall layout for Alamo Bridge and Roadway. Working on plans of SW3P, EPIC, and Miscellaneous Details. Developed preliminary cross sections.*
FC170 – BRIDGE DESIGN
UPDATED: *Submitted bridge layout for Floodway to the HCRMA for submittal to IBWC for concurrence and approval. Bridge layouts have been refined and coordinated with intersection designs. Progress set plans for the Floodway Bridge and Alamo Bridge structures.*

Should you have any questions regarding this submittal, please do not hesitate to call me at (956) 664-0286.

Project: IBTC

Report Period: *October 1, 2014 to October 22, 2014*

The following is a narrative of the progress for this period.

TASK
FC170 : BRIDGE DESIGN
UPDATED: *After we submitted the 30% package, we kept working on bridge design for 60% submittal. For CR1821 bridge, we revised bridge layout and typical section sheet. We also set up the bearing seat elevation sheet. We modified drilled shafts, abutment plan and details sheet, girder layout and prestressed concrete girder unit sheets per new TXDOT Bridge Detail Guide. We created new bent plan and elevation sheets per new provided standard bent cap size and column. For US 83 bridges, We revised bridge layout and typical section sheet. We also set up the bearing seat elevation sheet. We revised foundation layout sheets. We also modified abutment plan and details sheet, girder layout and prestressed concrete girder unit sheets per new TXDOT Bridge Detail Guide. We created new bent plan and elevation sheets per new provided standard bent cap size and column at both northbound and southbound as well. Since the alignment of the bridge changed, we were instructed to hold on this project since 10/22/2014.*

The above referenced work product deliverables have been uploaded via GroupWise to the following directory: CR1821 02 Layouts; 03 Abutments; 05 Bents; 06 Typical Sections; 07 Girder Layouts; 08 Quantitiies; 09 Spans Units BUS83 02 Layouts; 03 Abutments; 05 Bents; 06 Typical Sections; 07 Girder Layouts; 08 Quantitiies; 09 Spans Units

IBTC Geotechnical/Segment 0010 Borings For:
Bridge, Pavement and Embankment and Overweight Pavement Design for
IBTC Asphalt/Concrete and Overweight Concrete Design for SH 365
RK Invoice No. R025190

Dear Mr. Jones:

Attached for your review and approval is our invoice for services rendered during the month of October 2014 on the above-referenced project. The below referenced work product deliverables have been uploaded via ProjectWise to the following directory:

- Dannenbaum – HCRMA\Documents\HCRMA\Projects\0010 IBTC\01 Contract Admin\0010 Raba Kistner\06 Invoice\October 2014

The following documents have been uploaded to ProjectWise and also attached to this document:

- RK Invoice No. R025190
- Interim design information for the proposed fiberglass lift station structure for the Donna Lift Station Relocation
- Draft summary of laboratory test results available to date

RABA KISTNER
CONSULTANTS

The following is a short summary of the progress for this period.

The drilling operations for the borings included in our scope of services for this project were completed on Wednesday, October 29, 2014. The laboratory tests for majority of the borings drilled for this project were still in progress as of the time of preparation of this letter. Enclosed you will find a summary of the laboratory test results available to date.

In addition, an interim design information document was submitted to the project's design team on Friday, October 31, 2014, including preliminary foundation design recommendations for the proposed Fiberglass Lift Station structure to be located at the boring location C-3, drilled on October 10, 2014, for the proposed Donna Lift Station Relocation. For ease of reference, a copy of this interim design document is also attached to this letter.

Should you have any questions regarding this submittal, please do not hesitate to call me at (956) 682-5332.

RKCI Project No. AMA14-047-00

COPIES TO: Mr. Robert Saenz, P.E., Vice President with Halff Associates, Inc.

FIBERGLASS LIFT STATION (BORING C-3)

Design Parameters	Recommended Values	Comments
Estimated Potential Vertical Rise (PVR) value for existing conditions:	2-1/4 inches	• The PVR value was estimated using a surcharge load of 1 pound per square inch (psi) for the concrete slab and dry moisture conditions within the regional zone of seasonal moisture variation. • Estimated differential movements should be assumed to be about one-half of the estimated PVR.

INTERIM DESIGN INFORMATION - FIBERGLASS LIFT STATION (BORING C-3) (cont.)

Design Parameters	Recommended Values	Comments
Mat Foundation: Allowable Soil-Bearing Pressure: Minimum Depth from the Ground Surface Elevation Existing at the Time of our Study: Minimum Width:	4,000 psf (FS = 3) 31 ft 12 in.	• On the basis of the information received on the proposed lift station structure via electronic-mail transmittal from Mr. Jose Leal, P.E., with Halff Associates, Inc., the project civil engineering firm, on Tuesday, October 28, 2014, we understand that the proposed fiberglass lift station structure will be founded at a depth of about 31 ft below the ground surface elevation existing at the time of our study. • The recommended allowable soil-bearing pressure is based on the stratigraphic conditions encountered in Boring C-3, our field and laboratory testing, and our engineering analyses. • FS = Factor of Safety
Estimated Total Settlements:	1 inch	• Based on the above-recommended allowable soil-bearing pressures.

Note: Groundwater was encountered during our drilling operations in Boring C-3 conducted within the proposed lift station structure footprint area at a depth of about 14 ft below the ground surface elevation existing at the time of our study. It is possible for groundwater to exist beneath this site at a shallower depth on a transient basis following periods of precipitation. Fluctuations in groundwater levels occur due to variations in rainfall and surface water run-off. The construction process itself may also cause variations in the groundwater level.

THIS INTERIM DESIGN DATA IS BEING PROVIDED FOR USE IN PRELIMINARY PLANNING AND IS SUBJECT TO REVISION. IT IS NOT INTENDED FOR USE IN FINAL DESIGN. FINAL DESIGN RECOMMENDATIONS WILL BE PROVIDED IN THE REPORT OF OUR GEOTECHNICAL ENGINEERING STUDY.

Analy, I have reviewed the RODS work submittal against the Invoice and I see 80% work... Therefore, I would approve payment.

Eric, in reference to the status of the RODS survey, the links below will take you that deliverable.

Gus, if you haven't already, the links below can be sent to the engineers for their review/use. With respect to TEDSI and their request for additional TOPO, have them check to see if they still need that additional topo. I personally think they do and I've got RODS working on a proposal for that work. Also, Please check with Halff to see if their original survey request was/is being fulfilled, and, do they need more. If they need more, let me know and I will have RODS include it in the proposal.

It is also my understanding that S&B did not need any additional topo. Correct me if I'm wrong.

Eric, as soon as I get a proposal I'll send it to you to make a supplemental.

RE: Quarterly Investment Report for QE September 30, 2014/Statement of Compliance

The above-referenced report is hereby presented, pursuant to the Public Funds Investment Act (PFIA), for your review and acceptance.

Yields remain at historic low. The most significant change during this quarter was the acceleration of vendor payments from the Bond Construction Fund.

The PFIA also requires that the report contain a Statement of Compliance, signed by the Investment Officers, as presented below:

STATEMENT OF COMPLIANCE

Pursuant to the PFIA, we the Investment Officers of the Hidalgo County Regional Mobility Authority, represent to you that the portfolio presented in this report is in compliance with:

The HCRMA's Investment Policy, and

The Public Funds Investment Act of the State of Texas

Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instrument to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.

(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

* The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee September be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

Holiday Reminder

Please note that in observance of the Columbus Day holiday, **TexSTAR will be closed Monday, October 13, 2014**. All ACH transactions initiated on Friday, October 10th will settle on Tuesday, October 14th. This is an unusual holiday where the investment markets are open but the banks are closed. Please plan accordingly for your liquidity needs.

Economic Commentary

The bullish sentiment in financial markets during the second quarter softened in July, as improving U.S. economic data led market participants to anticipate that the Federal Reserve might push up the timing of its first rate hike in years. Large cap equity markets hit new record highs in September. However, disappointing global growth, particularly in Europe and China, as well as softer inflation in the U.S. and a Fed signaling its patience in normalizing monetary policy left markets marginally more risk averse. The U.S. Treasury yield curve between two- and five-year maturities steepened by 2 basis points (bps), with the yield of the two-year note increasing 11 bps to 0.57% and the yield of the five-year note increasing 13 bps to 1.76%. U.S. economic data released in the third quarter was mixed. Notably, consumption – the largest component of GDP – remained strong and is poised to continue as consumers have built up their savings. Labor market data added fuel to the Fed debate as the September unemployment rate fell to 5.9%, having not seen unemployment below 6.0% since 2008. Market sentiment appeared to improve in August as the European Central Bank (ECB) acknowledged the need to act in the face of falling inflation rates. The ECB's move to negative deposit rates and new Targeted Long-Term Refinancing Operations reflect concern in the euro zone regarding the risk of prolonged low inflation and slow growth.

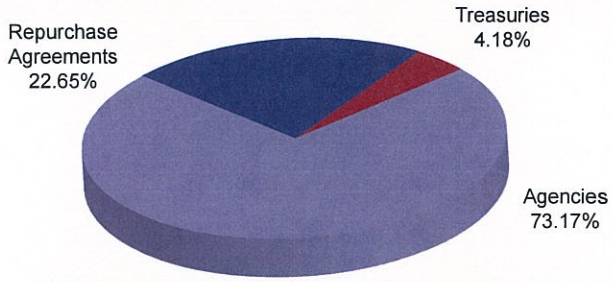

The base case remains that the global subtrend recovery will continue into 2015, within an environment of lower expectations for potential GDP and central bank rates. It is expected that the U.S. is headed toward a GDP rate of approximately 3% into year-end and that the Fed will provide the necessary liquidity for the U.S. to continue to expand until it perceives broader housing strength and/or material wage inflation. The sequencing of Fed normalization now involves continued reinvestment of principal and interest paydowns on existing balance sheet holdings and a more nuanced management of its lending rates via interest on excess reserves and its reverse repo facility. The Fed understands the potential risk of the first increase in the fed funds rates in over seven years, and it is anticipated that it will therefore be cautious in beginning to raise rates. The powerful technical factors of strong demand for yield and relatively limited supply have driven valuations to more expensive levels. Low global interest rates and low volatility will likely continue to force investor cash into bond markets. While the extremely low levels of market volatility have been rewarding, they are concerning if markets become too complacent.

Performance quoted represents past performance, which is no guarantee of future results. Investment return will vary. An investor's shares, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than what is stated. To view performance current to the most recent month-end, contact us or visit our Web site at FederatedInvestors.com.

Although not contractually obligated to do so, the adviser and/or certain fund service providers waived all or a portion of their fees or reimbursed the fund for certain operating expenses. These voluntary waivers and reimbursements may be modified or terminated at any time; accordingly, the fund's expenses may vary (i.e., increase or decrease) during the fund's fiscal year. These waivers increase income to the fund and result in a higher return to investors.

Otherwise, the 7-day yield would have been -0.45% and total return would have been lower.

Total return represents the change in value of an investment after reinvesting all income and capital gains. Yield quotations more closely reflect the current earnings of the fund than the total return quotation.

The 2010 amendments to Rule 2a-7 dictate that money market funds maintain a 10% daily liquidity bucket and a 30% weekly liquidity bucket. Both requirements are 'point of purchase' requirements. Thus, it is permissible and probable that money market funds may, at any given time, have liquidity percentages reflecting less than the 10% and 30% thresholds. In such circumstances, the portfolio manager will be required to purchase securities to fill the requisite liquidity bucket prior to purchasing longer-dated securities. Additionally, the SEC requirements for what may be defined as 'daily' and 'weekly' differs from the standard maturities used in calculating the 'Effective Maturity Schedule.' Therefore, the percentages in the 2a-7 Liquidity table will generally not equal the amounts shown in the 'Effective Maturity Schedule.'

*This fund is on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/Full Faith & Credit listing. This designation denotes that the fund meets certain quality and pricing guidelines such as: a rating of AAA or Aaa by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV $1.00 at all times, allow a maximum 7 day redemption of proceeds, invest 100% in US government securities. This is subject to an annual review.

Portfolio Manager Commentary

In a year in which severe weather dominated much of the headlines, the U.S. economy in the third quarter of 2014 could be called partly sunny. That the economy was improving was not in question, but occasionally conflicting data would obscure the glow. Manufacturing displayed steady growth throughout the reporting period, with increased orders and heightened business activity leading to an upswing in hiring. Labor gained in the period, with the unemployment rate still around 6%, though the broader view is that poor wage growth and a disappointingly low labor participation rate kept optimism muted. But housing continued to underperform, with new home sales consistently below expectations. This was especially troubling because housing starts play such a large role in the economy, from construction to mortgages to durable purchases. But the number that kept shining through it all was the strong Gross Domestic Product reading for the second quarter, at 4.6 percent, leaping from the first quarter's weather-impaired decline of 2.1 percent. The Federal Reserve's Federal Open Market Committee met twice in the quarter, both times reducing the amount of its asset purchases and refraining from raising the federal funds rate from its near zero target range. A rough outline of how the Fed will exit its expansionary monetary policy (tightening) came in the September meeting. That meeting also saw a limiting of the overnight reverse repo program, which has helped money-market funds by putting a floor on rates. The 1- and 3-month Treasuries yielded fewer than five basis points throughout the quarter while the 1-month London interbank offered rate (Libor) hovered around 15 basis points.

An investment in the fund is neither insured nor guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although the fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in the fund.

Performance shown is for Service Shares. The fund offers additional share classes whose performance will vary due to differences in charges and expenses. Please consult your financial institution regarding your eligibility to purchase these classes.

A Word About Risk

Fund shares are not guaranteed by the U.S. government.

Current and future portfolio holdings are subject to risk.

Definitions

Net yields are based on the average daily income dividend and average net asset value for the 7 days ended on the date of calculation. The 7-day net annualized yield is based on the average net income per share for the 7 days ended on the date of calculation and the offering price on that date.

The fund is a managed portfolio and its holdings are subject to change.

The holdings percentages are based on net assets at the close of business on 9/30/14 and may not necessarily reflect adjustments that are routinely made when presenting net assets for formal financial statement purposes.

Weighted Average Maturity is the mean average of the periods of time remaining until the securities held in the fund's portfolio (a) are scheduled to be repaid, (b) would be repaid upon a demand by the fund or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates if their scheduled maturity is 397 days or less, and the later of the two dates if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.

Weighted Average Life is calculated in the same manner as the Weighted Average Maturity (WAM), but is based solely on the periods of time remaining until the securities held in the fund's portfolio (a) are scheduled to be repaid or (b) would be repaid upon a demand by the fund without reference to when interest rates of securities within the fund are scheduled to be readjusted.

Repurchase agreements consist of a financial institution selling securities to a fund and agreeing to repurchase them at a mutually agreed upon price and time.

Ratings And Rating Agencies

Money market ratings are an assessment of the safety of invested principal and the ability to maintain a stable market value of the fund's shares. Ratings are based on an evaluation of several factors, including credit quality, diversification and maturity of assets in the portfolio, as well as management strength and operational capabilities. A money market fund rated AAAm by Standard & Poor's is granted after evaluating a number of factors, including credit quality, market price, exposure and management. Money market funds rated Aaa-mf by Moody's are judged to be of an investment quality similar to Aaa-rated fixed income obligations, that is, they are judged to be of the best quality. Fitch's money market fund ratings are an assessment of the safety of invested principal and the ability to maintain a stable market value of the fund's shares. For more information on credit ratings, visit standardandpoors.com, v3.moodys.com and fitchratings.com.

Ratings are subject to change and do not remove market risk.

The securities in which a fund invests are also rated. Short-term ratings are opinions of the ability of issuers to honor short-term financial obligations. Ratings may be assigned to issuers, short-term programs or to individual short-term debt instruments. Such obligations generally have an original maturity not exceeding thirteen months, unless explicitly noted. First Tier securities are those rated in the highest short-term rating category by one or more Nationally Recognized Statistical Rating Organizations (NRSROs), such as Standard & Poor's, Moody's and Fitch or deemed by the Adviser to be of comparable quality to securities having such ratings.

Securities are considered to be "first tier" as follows: Standard & Poor's: A-1+ and A-1, based on the obligor's capacity to meet its financial commitment on the obligation; Moody's: P-1, based on the issuer's ability to repay short-term obligations; Fitch: F-1+ and F-1, based on the issuer's liquidity necessary to meet financial commitments in a timely manner.

Credit ratings do not provide assurance against default or other loss of money and can change.

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Interlocal Cooperative Contract with UTPA**

Background
On September 24, 2014, the HCRMA Board of Directors updated the 2015-2019 Strategic Plan to reflect the projected revenues in the Investment Grade Traffic & Revenue study performed by C&M Associates. The Strategic Plan programs construction of both the State Highway 365 and International Bridge Trade Corridor Projects in the first quarter of 2016.

Goal
In order to quantify the direct and indirect economic benefits of the proposed improvements as part of the State Highway 365 and International Bridge Trade Corridor Projects, staff has requested that the University of Texas Pan American conduct an analysis of the economic effect of the road projects.

Staff has negotiated a scope and cost of $35,353.00 for the University to conduct the analysis.

Options
The Board of Directors may disapprove the proposed Interlocal Cooperative Contract.

Recommendation
Based on review by this office, **approval of Resolution 2014-99 - Approval of an Interlocal Cooperative Contract with the University of Texas Pan American is recommended in the amount of $35,353.00**

If you should have any questions or require additional information, please advise.

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 99

APPROVAL OF INTERLOCAL COOPERATIVE CONTRACT WITH THE UNIVERSITY OF TEXAS PAN AMERICAN TO CONDUCT A TOLL ROAD ECONOMIC ANALYSIS

THIS RESOLUTION is adopted this 20th day of November, 2014 by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act");

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County;

WHEREAS, Section 370.261 of the Act requires that the Authority, every even numbered year, develop a five year strategic plan;

WHEREAS, on September 24, 2014 the Authority approved the 2015-2019 Strategic Plan, which included State Highway 365, International Bridge Trade Corridor and State Highway 68 (formerly Segment D); and

WHEREAS, the Authority recognizes the importance of mobility to the region's economic vitality through the efficient movement of goods, services and people and the City has offered to help accelerate advance project development on the International Bridge Trade Corridor and State Highway 68 Projects; and

WHEREAS, the Authority has determined it is necessary to conduct an economic analysis of the various projects to determine the number of jobs created, per capita income change as a result of the jobs, effect on the economy in the County, new business created, change in property value, change in urban sprawl and business development and a cost benefit analysis.

WHEREAS, the University of Texas Pan American has the necessary capacity and expertise to conduct the economic analysis and will perform the work for the Authority in the amount of $35,353.00;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves the Interlocal Cooperative Contract with the University of Texas Pan American to perform an economic analysis of Authority Projects in the amount of $35,353.00, hereto attached as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute the Interlocal Cooperative Contract with the University of Texas Pan American.

*****

PASSED AND APPROVED AS TO BE EFFECTIVE IMMEDIATELY BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY AT A REGULAR MEETING, duly posted and noticed, on the 20th day of November, 2014, at which meeting a quorum was present.

PURPOSE AND DELIVERABLES

At the request of the Hidalgo County Regional Mobility Authority (HCRMA), this is a proposal to conduct research about the economic and quality of life benefits of the Loop 68 Toll Road Project in Hidalgo County. The results of the research would be disseminated publically to increase awareness of the benefits of the project to create favorable attitudes toward the toll road and to encourage the public's eventual use of it.

The primary focus of the study will be to determine the direct, indirect and dynamic economic effects of the creation of the first phase of the toll road project and the $530 million expenditure required for the project. More specifically, the study will estimate

- The number of jobs created in Hidalgo County as a result of the project construction,
- Per capita income change in Hidalgo County as a result of jobs created by the project construction,
- The overall effect on the value and size of the Hidalgo county economy,
- New business created as a result of the road construction,
- Changes in property values as a result of the toll road,
- Changes in urban sprawl and business development around the toll road,
- Changes to existing infrastructure such as relief in congestion on other roadways, and
- Cost-benefit analysis

This research will be conducted solely through access to publically available data and conversations with key personnel as identified by HCRMA and UTPA.

ANALYSIS AND REPORTING

The results of the study will be provided in a full report detailing the study method, all results, conclusions, and recommendations. A pdf file of the report will be provided HCRMA for the purpose of distributing to media, Chambers of Commerce, city government officials, etc. These reports will provide a detailed view of the benefits of the toll road project.

The study data and results will be the property of both the client and UTPA. Either party may distribute study results as deemed necessary for community and academic advances.

ESTIMATED COST AND TIMELINE

Upon full approval by the HCRMA and UTPA, the Economic Impact study could be completed and funded in two phases as follows:

Phase I		**Phase II**
Activity:	Data accumulation and analysis	Report preparation, creation and delivery
Time frame:	About 5 weeks	About 2 weeks
Funding:	$25,000	$10,353

About The Center for Border Economic Studies

About the Business and Tourism Research Center

The Business and Tourism Research Center in the College of Business Administration is part of the University's community engagement program that designs, conducts and disseminates customized, primary RGV-based research relevant to businesses and communities within the Rio Grande Valley and beyond.

A primary research focus of the Center is a biennial study of Winter Texans in the Valley during the winter time of the year. These studies, published since 1986, are designed to determine the activities and spending of visitors to the Valley and the opinions, attitudes and activities of all consumer markets about issues important to the Valley. Research findings have been quoted in numerous newspapers and magazines including the Wall Street Journal, Forbes, New Yorker Magazine. Additionally, a variety of research-based publications are produced and disseminated regionally, statewide, and nationally. The Center has also conducted studies about a variety of RGV issues including:

- Customized market research designed to help solve business problems
- Senior travelers or "Winter Texans"
- Healthcare issues for seniors
- Mexican National visitors to the U.S.
- Spring Breakers to South Padre Island
- RGV consumer attitudes and purchase behaviors.

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Supplemental Number 1 to Work Authorization Number 4 to Professional Service Agreement with TEDSI for final PS&E for US 281/Military Highway Overpass**

Background
On December 18, 2013, the HCRMA Board of Directors approved Work Authorization Number 4 in the amount of $1,132,626.71 for final PS&E for the overpass at US 281/Military Highway Overpass Project.

Goal
As part of the State Highway 365 Project, final plans, specifications and estimates are being prepared for the US 281/Military Highway Overpass to meet the Texas Department of Transportation (TxDOT) August 2016 deadline to begin construction for the project. In August 2014, TxDOT issued updates to their Bridge Manual, which revised bridge details that the HCRMA is required to comply with.

Staff is proposing Supplemental No. 1 to Work Authorization No. 4 to the Professional Service Agreement with TEDSI Infrastructure to provide the revised bridge details. Staff has negotiated a fee of $35,561.10 to perform the work. The work is proposed to be completed by January 2015.

Options
Supplemental No. 1 to Work Authorization No. 4 may be disapproved and the work deferred to a later date, however, the required construction deadline of August 2016 will not be achieved.

Recommendation
Based on review by this office, **approval of Resolution 2014-100 – Approval of Supplemental Number 1 to Work Authorization Number 4 to the Professional Service agreement with TEDSI Infrastructure in the amount of $35,561.10 is recommended, subject to an increase in the maximum payable amount of $35,561.10.**

If you should have any questions or require additional information, please advise.

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 100

APPROVAL OF SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATION NUMBER 4 TO PROFESSIONAL SERVICE AGREEMENT WITH TEDSI INFRASTRUCTURE GROUP FOR FINAL PLANS, SPECIFICATIONS AND ESTIMATES FOR THE US 281/MILITARY HIGHWAY OVERPASS PROJECT FOR ADDITIONAL BRIDGE DETAILING DUE TO TEXAS DEPARTMENT OF TRANSPORTATION BRIDGE DETAIL UPDATES

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act"); and

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County; and

WHEREAS, on June 20, 2012, the Authority awarded a professional service agreement for engineering services to TEDSI Infrastructure Group (the "Consultant") for design work, including plans, specifications, and estimates, for the US 281/Military Highway Overpass at SH 365 in the maximum payable amount of $1,430,733.00; and

WHEREAS, on June 20, 2012, the Authority also approved Work Authorization Number 1 in the amount $142,735.06 for route analysis; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the professional service agreement with the Consultant to revise the DBE/HUB reporting requirements; and

WHEREAS, on April 17, 2013, the Authority approved Work Authorization Number 2 with the Consultant in the amount of $746,739.14 to develop schematics, drainage studies, utility research and partial geotechnical services for the overpass at US 281/Military Highway and San Juan Road; and

WHEREAS, on November 20, 2013, the Authority approved Work Authorization Number 3 with the Consultant in the amount of $40,225.96 to prepare right of way strip maps for the US 281/Military Highway Overpass Project; and

WHEREAS, on December 18, 2013, the Authority approved Work Authorization Number 4 with the Consultant in the amount of $1,132,626.71 to prepare final plans, specifications and estimates for the US 281/Military Highway Overpass Project; and

WHEREAS, on April 23, 2014, the Authority approved Supplemental Number1 to Work Authorization Number 3 with the Consultant in the amount of $65,100.00 to prepare right of way strip maps for 13 additional parcels for the overpass project at US 281/Military Highway and San Juan Road; and

WHEREAS, on June 18, 2014, the Authority approved Supplemental Number 2 to Work Authorization Number 3 with the Consultant to prepare utility easement plats for the Military Highway Water Supply Corporation water line adjustment for the overpass project at US 281/Military Highway and San Juan Road in the amount of $13,712.19; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 1 to Work Authorization Number 4 with the Consultant to revise bridge details for the overpass project at US 281/Military Highway and San Juan Road due to Texas Department of Transportation Bridge Manual Updates in the amount of $35,561.10.

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 1 to Work Authorization Number 4 to the Agreement attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute Supplemental Number 1 to Work Authorization Number 4 to the Agreement as approved.

****

PASSED AND APPROVED AS TO BE EFFECTIVE IMMEDIATELY BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY AT A REGULAR MEETING, duly posted and noticed, on the 20th day of November, 2014, at which meeting a quorum was present.

From: Pilar Rodriguez, PE, Executive Director

Re: **Approval of Supplemental Number 3 to Professional Service Agreement with TEDSI for final PS&E for US 281/Military Highway Overpass**

Background
On December 18, 2013, the HCRMA Board of Directors approved Work Authorization Number 4 in the amount of $1,132,626.71 for final PS&E for the overpass at US 281/Military Highway Overpass Project.

Goal
As part of the State Highway 365 Project, final plans, specifications and estimates are being prepared for the US 281/Military Highway Overpass to meet the Texas Department of Transportation (TxDOT) August 2016 deadline to begin construction for the project. In August 2014, TxDOT issued updates to their Bridge Manual, which revised bridge details that the HCRMA is required to comply with.

Staff is proposing Supplemental No. 1 to Work Authorization No. 4 to the Professional Service Agreement with TEDSI Infrastructure to provide the revised bridge details. Staff has negotiated a fee of $35,561.10 to perform the work. The work is proposed to be completed by January 2015.

Additionally, the maximum payable amount to the Professional Service Agreement with TEDSI Infrastructure will require an increase to correspond with the approval of Supplemental Number 1 to Work Authorization Number 4 in the amount of $35,561.10 for a revised maximum payable amount of $2,181,700.16.

Options
Supplemental No. 3 to the Professional Service Agreement may be disapproved and the work deferred to a later date, however, the required construction deadline of August 2016 will not be achieved.

Recommendation
Based on review by this office, **approval of Resolution 2014-101 – Approval of Supplemental Number 3 to the Professional Service agreement with TEDSI Infrastructure to increase the maximum payable amount for Supplemental Number 1 to Work Authorization Number 4 in the amount of $35,561.10 for a revised maximum payable amount of $2,181,700.16 is recommended.**

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 101

APPROVAL OF SUPPLEMENTAL NUMBER 3 TO PROFESSIONAL SERVICE AGREEMENT WITH TEDSI INFRASTRUCTURE GROUP TO INCREASE THE MAXIMUM PAYABLE AMOUNT FOR SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATION NUMBER 4

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act"); and

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County; and

WHEREAS, on June 20, 2012, the Authority awarded a professional service agreement for engineering services to TEDSI Infrastructure Group (the "Consultant") for design work, including plans, specifications, and estimates, for the US 281/Military Highway Overpass at SH 365 in the maximum payable amount of $1,430,733.00; and

WHEREAS, on June 20, 2012, the Authority also approved Work Authorization Number 1 in the amount $142,735.06 for route analysis; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the professional service agreement with the Consultant to revise the DBE/HUB reporting requirements; and

WHEREAS, on April 17, 2013, the Authority approved Work Authorization Number 2 with the Consultant in the amount of $746,739.14 to develop schematics, drainage studies, utility research and partial geotechnical services for the overpass at US 281/Military Highway and San Juan Road; and

WHEREAS, on November 20, 2013, the Authority approved Work Authorization Number 3 with the Consultant in the amount of $40,225.96 to prepare right of way strip maps for the US 281/Military Highway Overpass Project; and

WHEREAS, on December 18, 2013, the Authority approved Work Authorization Number 4 with the Consultant in the amount of $1,132,626.71 to prepare final plans, specifications and estimates for the US 281/Military Highway Overpass Project; and

WHEREAS, on April 23, 2014, the Authority approved Supplemental Number1 to Work Authorization Number 3 with the Consultant in the amount of $65,100.00 to prepare right of way strip maps for 13 additional parcels for the overpass project at US 281/Military Highway and San Juan Road; and

WHEREAS, on June 18, 2014, the Authority approved Supplemental Number 2 to Work Authorization Number 3 with the Consultant to prepare utility easement plats for the Military Highway Water Supply Corporation water line adjustment for the overpass project at US 281/Military Highway and San Juan Road in the amount of $13,712.19; and

WHEREAS, on November 20, 2014, the Authority approved Supplemental Number 1 to Work Authorization Number 4 with the Consultant to revise bridge details for the overpass project at US 281/Military Highway and San Juan Road due to Texas Department of Transportation Bridge Manual Updates in the amount of $35,561.10; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 3 to the Professional Service Agreement with the Consultant to increase the maximum payable amount for Supplemental Number 1 to Work Authorization Number 4 in the amount of $35,561.10 for a revised maximum payable amount of $2,181,700.16;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 1 to the Professional Service Agreement with Consultant attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute Supplemental Number 1 to the Professional Service Agreement with Consultant as approved.

****

PASSED AND APPROVED AS TO BE EFFECTIVE IMMEDIATELY BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY AT A REGULAR MEETING, duly posted and noticed, on the 20th day of November, 2014, at which meeting a quorum was present.

Re: **Approval of Supplemental Number 2 to Work Authorization Number 1 to the Professional Service Agreement with Quintanilla, Headley and Associates**

Background

On October 27, 2011, the Hidalgo County Regional Authority (HCRMA) awarded a professional surveying service agreement to Quintanilla, Headley & Associates (QHA) to perform surveying work for the SH 365 Project from SH 336 to FM 3072 in the maximum payable amount of $440,438.75.

On November 15, 2011, the HCRMA Board of Directors approved Supplemental Number 1 to the professional surveying service agreement with QHA in the amount $25,000.00 for a revised maximum payable amount of $440,438.75 and also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $415,438.75 and $25,000.00 respectively.

On November 21, 2012, the HCRMA Board of Directors Amended and Restated the professional surveying service agreement with the QHA to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The maximum payable amount remained at $440,438.75 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization Number 1, with the aggregate amount remaining at $440,438.75.

On March 20, 2013, the HCRMA Board of Directors approved Supplemental Number 1 to the Amended and Restate agreement with the QHA to revise the Scope of Service and Work Authorization Number 1 for SH 365 from SH 336 to FM 3072 for an increase in the amount of $353,753.75, for a revised maximum payable amount of $794,192.50. Work Authorization Number 1 was revised to the amount of $422,496.25.

On October 16, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 for a right of way strip map and parcel plats for SH 365 from FM 1016 to SH 336 in the amount of $310,000.00.

On April 23, 2014, the HCRMA Board of Directors approved Supplemental Number 1 to Work Authorization Number 2 for 48 additional parcels in the amount of $148,800.00.

On July 23, 2014, the HCRMA Board of Directors approved Supplemental Number 2 to Work Authorization Number 2 to delete 17 parcels and update existing work to conform to TxDOT Map Standards in the amount of $11,100.00.

Goal

As a result of design criteria required of the project of the Federal Highway Administration and the Texas Department of Transportation, new right of way areas were established along several areas of the proposed roadway route. The new areas are outside the original topographic surveys provided by the consultant and will be required to be surveyed to provide the data to the design engineers.

Staff has negotiated the Supplemental Number 2 to Work Authorization Number 1 in the amount of $14,772.50.

Options

The tasks listed above may be deferred or dis-approved, however, completing the work in a timely manner may be placed at risk due to the time constraints and aggressive schedule for the SH 365 Project.

Recommendation

Based on review by this office, **approval of Supplemental Number 2 to Work Authorization Number 1 of Professional Service Agreement with Quintanilla, Headley & Associates for additional topography required for right of way area changes on the State Highway 365 Project from SH 336 to FM 3072 due to Texas Department of Transportation Design Manual updates is recommended in the amount of $14,772.50 for a revised amount of $907,168.75**.

If you should have any questions or require additional information, please advise.

WHEREAS, on November 15, 2011, the Authority approved Supplemental Number 1 to the professional surveying service agreement with Consultant in the amount $25,000.00 for a revised maximum payable amount of $440,438.75; and

WHEREAS, on November 15, 2011, the Authority also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $415,438.75 and $25,000.00 respectively; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the Professional Surveying Service Agreement with the Consultant to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The Consultants maximum payable amount remained at $440,438.75 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization Number 1, with the aggregate amount remaining at $440,438.75; and

WHEREAS, on March 20, 2013, the Authority approved Supplemental Number 1 to the Amended and Restate Agreement with the Consultant to revise the Scope of Service and Work Authorization Number 1 for SH 365 from SH 336 (10th Street) to US 281/Military Highway for an increase in the amount of $353,753.75, for a revised maximum payable amount of $794,192.50. Work Authorization Number 1 was revised to the amount of $422,496.25; and

WHEREAS, on October 16, 2013, the Authority approved Work Authorization Number 2 to the Amended and Restated Agreement with the Consultant to provide Right of Way Strip Maps and Parcel Plats for SH 365 from SH 336 to FM 3072 in the amount of $310,000.00; and

WHEREAS, on April 23, 2014, the Authority approved Supplemental Number 1 to Work Authorization Number 2 to the Amended and Restated Agreement with the Consultant to provide Right of Way Strip Maps and Parcel Plats for 48 additional parcels in the amount of $148,800.00; and

WHEREAS, on July 23, 2014, the Authority approved Supplemental Number 2 to Work Authorization Number 2 to the Amended and Restated Agreement with the Consultant to deduct 17 parcels and modify right of way maps in the amount of $11,100.00; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 2 to Work Authorization Number 1 to the Amended and Restated Agreement with the Consultant for additional topography required for right of way area changes on the State Highway 365 Project from SH 336 to FM 3072 due to Texas Department of Transportation Design Manual Updates in the amount of $14,772.50;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 2 to Work Authorization Number 1 to the Amended and Restated Agreement attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute Supplemental Number 2 to Work Authorization Number 1 to the Amended and Restated Agreement as approved.

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Supplemental Number 3 to the Professional Service Agreement with Quintanilla, Headley and Associates**

Background

On October 27, 2011, the Hidalgo County Regional Authority (HCRMA) awarded a professional surveying service agreement to Quintanilla, Headley & Associates (QHA) to perform surveying work for the SH 365 Project from SH 336 to FM 3072 in the maximum payable amount of $440,438.75.

On November 15, 2011, the HCRMA Board of Directors approved Supplemental Number 1 to the professional surveying service agreement with QHA in the amount $25,000.00 for a revised maximum payable amount of $440,438.75 and also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $415,438.75 and $25,000.00 respectively.

On November 21, 2012, the HCRMA Board of Directors Amended and Restated the professional surveying service agreement with the QHA to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The maximum payable amount remained at $440,438.75 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization Number 1, with the aggregate amount remaining at $440,438.75.

On March 20, 2013, the HCRMA Board of Directors approved Supplemental Number 1 to the Amended and Restate agreement with the QHA to revise the Scope of Service and Work Authorization Number 1 for SH 365 from SH 336 to FM 3072 for an increase in the amount of $353,753.75, for a revised maximum payable amount of $794,192.50. Work Authorization Number 1 was revised to the amount of $422,496.25.

On October 16, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 for a right of way strip map and parcel plats for SH 365 from FM 1016 to SH 336 in the amount of $310,000.00.

On April 23, 2014, the HCRMA Board of Directors approved Supplemental Number 1 to Work Authorization Number 2 for 48 additional parcels in the amount of $148,800.00.

On July 23, 2014, the HCRMA Board of Directors approved Supplemental Number 2 to Work Authorization Number 2 to delete 17 parcels and update existing work to conform to TxDOT Map Standards in the amount of $11,100.00.

Goal

As a result of design criteria required of the project of the Federal Highway Administration and the Texas Department of Transportation, new right of way areas were established along several areas of the proposed roadway route. The new areas are outside the original topographic surveys provided by the consultant and will be required to be surveyed to provide the data to the design engineers.

Staff has negotiated the Supplemental Number 2 to Work Authorization Number 1 in the amount of $14,772.50.

With approval of Supplemental Number 2 to Work Authorization Number 1, the maximum payable amount to the Professional Service Agreement will need to be increase in the amount of $14,772.50 for a revised maximum payable amount of $907,168.75.

Options

The Supplement Number 3 may be dis-approved, however, completing the work in a timely manner may be placed at risk due to the time constraints and aggressive schedule for the SH 365 Project.

Recommendation

Based on review by this office, **approval of Supplemental Number 3 to the Professional Service Agreement with Quintanilla, Headley & Associates to increase the maximum payable amount for Supplemental Number 2 to Work Authorization Number 1 in the amount of $14,772.50 for a revised maximum payable amount of $907,168.75 is recommended.**

BOARD RESOLUTION No. 2014 – 103

APPROVAL OF SUPPLEMENTAL NUMBER 3 TO AMENDED AND RESTATED PROFESSIONAL SURVEYING SERVICES AGREEMENT WITH QUINTANILLA, HEADLEY AND ASSOCIATES TO INCREASE THE MAXIMUM PAYABLE AMOUNT FOR SUPPLEMENTAL NUMBER 2 TO WORK AUTHORIZATION NUMBER 1

THIS RESOLUTION is adopted this 20th day of November, 2014 by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act"); and

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County; and

WHEREAS, on October 27, 2011, the Authority awarded a Professional Surveying Service Agreement to Quintanilla, Headley and Associates (the "Consultant") to perform surveying work for the SH 365 Project from SH 336 to FM 3072 in the maximum payable amount of $415,438.75; and

WHEREAS, on November 15, 2011, the Authority approved Supplemental Number 1 to the Professional Surveying Service Agreement with Consultant in the amount $25,000.00 for a revised maximum payable amount of $440,438.75; and

WHEREAS, on November 15, 2011, the Authority also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $415,438.75 and $25,000.00 respectively; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the Professional Surveying Service Agreement with the Consultant to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The Consultants maximum payable amount remained at $440,438.75 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization 1, with the aggregate amount remaining at $440,438.75; and

WHEREAS, on March 20, 2013, the Authority approved Supplemental Number 1 to the Amended and Restate Agreement with the Consultant to revise the Scope of Service and Work Authorization Number 1 for SH 365 from SH 336 (10th Street) to FM 3072 (Dicker Road) for an increase in the amount of $353,753.75, for a revised maximum payable amount of $794,192.50. Work Authorization Number 1 is revised to the amount of $422,496.25; and

WHEREAS, on July 23, 2014, the Authority approved Supplemental Number 2 to the Amended and Restated Agreement with the Consultant to increase the amount of $11,100.00, for a revised maximum payable amount of $892,396.25; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 3 to the Amended and Restated Agreement with the Consultant to increase the amount of $14772.75, for a revised maximum payable amount of $907,168.75;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 3 to the Amended and Restated Agreement attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute Supplemental Number 3 to the Amended and Restated Agreement as approved.

Re: **Approval of Supplemental Number 2 to Work Authorization No. 1 with DOS Land Surveying**

Background

On October 27, 2011, the Hidalgo County Regional Authority (HCRMA) awarded a professional surveying service agreement to DOS Land Surveying to perform surveying work for the SH 365 Project from FM 1016 to SH 336 in the maximum payable amount of $603,263.00.

On November 15, 2011, the HCRMA Board of Directors approved Supplemental Number 1 to the professional surveying service agreement with Consultant in the amount $50,000.00 for a revised maximum payable amount of $653,263.00 and also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $603,263.00 and $50,000.00 respectively.

On November 21, 2012, the HCRMA Board of Directors Amended and Restated the professional surveying service agreement with the DOS Land Surveying to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The maximum payable amount remained at $653,263.00 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization Number 1, with the aggregate amount remaining at $653.263.00.

On March 20, 2013, the HCRMA Board of Directors approved Supplemental Number 1 to the Amended and Restate agreement with the DOS Land Surveying to revise the Scope of Service and Work Authorization Number 1 for SH 365 from FM 1016 (Conway Avenue) to SH 336 (10th Street) for an increase in the amount of $121,494.17, for a revised maximum payable amount of $774,772.17. Work Authorization Number 1 was revised to the amount of $418,108.39.

On October 16, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 to prepare maps and plats for the final right of way acquisition from FM 396 (Anzalduas Highway) to SH 336 (10th Street) in the amount of $310,000.00.

On July 23, 2014, the HCRMA Board of Directors approved Supplemental Number 1 to Work Authorization Number 2 to deduct 4 parcels and modify existing right of way maps in the amount of $28,451.40.

Goal

As a result of design criteria required of the project of the Federal Highway Administration and the Texas Department of Transportation, new right of way areas were established along several areas of the proposed roadway route. The new areas are outside the original topographic surveys provided by the consultant and will be required to be surveyed to provide the data to the design engineers.

Staff has negotiated the Supplemental Number 2 to Work Authorization Number 1 in the amount of $30,984.50.

With approval of Supplemental Number 2 to Work Authorization Number 1, the maximum payable amount to the Professional Service Agreement will need to be increase in the amount of $12,772.12 for a revised maximum payable amount of $787,544.29.

Options

The tasks listed above may be deferred or dis-approved, however, completing the work in a timely manner may be placed at risk due to the time constraints and aggressive schedule for the SH 365 Project.

Recommendation

Based on review by this office, **approval of Resolution 2014-104 – Approval of Supplemental Number 2 to Work Authorization No. 1 of Professional Service Agreement with DOS Land Surveying for additional topography for right of way area changes on the State Highway 365 Project from FM 396 to SH 336 due to Texas Department of Transportation Design Manual updates is recommended in the amount of $30,984.50 for a revised amount of $787,544.29**.

Re: **Approval of Supplemental Number 1 to Professional Service Agreement with DOS Land Surveying**

Background

On October 27, 2011, the Hidalgo County Regional Authority (HCRMA) awarded a professional surveying service agreement to DOS Land Surveying to perform surveying work for the SH 365 Project from FM 1016 to SH 336 in the maximum payable amount of $603,263.00.

On November 15, 2011, the HCRMA Board of Directors approved Supplemental Number 1 to the professional surveying service agreement with Consultant in the amount $50,000.00 for a revised maximum payable amount of $653,263.00 and also approved Work Authorization Number 1 and Work Authorization Number 2 with Consultant in the amounts of $603,263.00 and $50,000.00 respectively.

On November 21, 2012, the HCRMA Board of Directors Amended and Restated the professional surveying service agreement with the DOS Land Surveying to revise the Scope of Service, Work Authorization requirement and DBE/HUB reporting requirement. The maximum payable amount remained at $653,263.00 and Work Authorizations Numbers 1 and 2 were consolidated into Work Authorization Number 1, with the aggregate amount remaining at $653.263.00.

On March 20, 2013, the HCRMA Board of Directors approved Supplemental Number 1 to the Amended and Restate agreement with the DOS Land Surveying to revise the Scope of Service and Work Authorization Number 1 for SH 365 from FM 1016 (Conway Avenue) to SH 336 (10th Street) for an increase in the amount of $121,494.17, for a revised maximum payable amount of $774,772.17. Work Authorization Number 1 was revised to the amount of $418,108.39.

On October 16, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 to prepare maps and plats for the final right of way acquisition from FM 396 (Anzalduas Highway) to SH 336 (10th Street) in the amount of $310,000.00.

On July 23, 2014, the HCRMA Board of Directors approved Supplemental Number 1 to Work Authorization Number 2 to deduct 4 parcels and modify existing right of way maps in the amount of $28,451.40.

Goal

As a result of design criteria required of the project of the Federal Highway Administration and the Texas Department of Transportation, new right of way areas were established along several areas of the proposed roadway route. The new areas are outside the original topographic surveys provided by the consultant and will be required to be surveyed to provide the data to the design engineers.

Staff has negotiated the Supplemental Number 2 to Work Authorization Number 1 in the amount of $30,984.50.

With approval of Supplemental Number 2 to Work Authorization Number 1, the maximum payable amount to the Professional Service Agreement will need to be increase in the amount of $12,772.12 for a revised maximum payable amount of $787,544.29.

Options

The Supplemental Number 1 may be dis-approved, however, completing the work in a timely manner may be placed at risk due to the time constraints and aggressive schedule for the SH 365 Project.

Recommendation

Based on review by this office, **approval of Resolution 2014-105 – Approval of Supplemental Number 1 Professional Service Agreement with DOS Land Surveying to increase the maximum payable amount for Supplemental Number 2 to Work Authorization Number 1 in the amount of $12,772.12 for a revised maximum payable amount of $787,544.29**.

Re: **Approval of Supplemental Number 1 to Work Authorization Number 1 to Professional Service Agreement with Raba Kistner for Geotechnical Engineering Services**

Background

At the October 16, 2013 regular meeting, the Hidalgo County Regional Mobility Authority (HCRMA) Board of Directors approved the use and members of the Technical Committee to rate, rank and recommend a short list for Engineering, Surveying and Geotechnical services for the International Bridge Trade Corridor (IBTC) Project.

On November 20, 2013, the HCRMA Board of Directors short listed L&G Laboratories, Raba Kistner and Terracon for Geotechnical Engineering Services. On December 13, 2013, the HCRMA Board of Directors interviewed firms, selected Raba Kistner and L&G Laboratories and authorized staff to negotiate professional service agreements with both firms.

On July 23, 2014, the HCRMA Board of Director awarded a professional service agreement to Raba Kistner and approved Work Authorization Number 1 in the amount of $520,433.54 to provide geotechnical engineering services for the IBTC Project.

Goal

With the inclement weather that has been experienced in the months of September and October, it is necessary to modify Raba Kistner's work schedule to reflect the delays due to rain.

The modification to the work schedule is no-cost.

Options

The Board of Directors could chose to not approve Supplemental Number 1 to Work Authorization Number 1 or defer action to a future agenda.

Recommendation

Based on review by this office, **approval of Resolution 2014-106– Approval of Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreements with Raba Kistner for a no-cost work schedule modification due to rain delays for the International Bridge Trade Corridor is recommended as presented.**

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Supplemental Number 1 to Work Authorization Number 2 to Professional Service Agreement with Halff Associates**

Background

At the January 22, 2014, regular meeting, the Hidalgo County Regional Mobility Authority (HCRMA) Board of Directors authorized staff to negotiate with Halff & Associates for Engineering Service to prepare the final plans, specifications and estimates for the International Bridge Trade Corridor (IBTC) Project.

At the April 23, 2014, regular meeting, the HCRMA Board of Directors approved the Professional Service Agreement and Work Authorization Number 1 with Halff Associates to provide final plans, specifications and estimates for the IBTC Project in the amount of $1,988,674.23.

On July 23, 2014, the HCRMA Board of Directors approved Work Authorization Number 2 to the Professional Service Agreement with Halff Associates to provide plans, specifications and estimates for relocation of the Valley View Road Lift Station in the amount of $65,000.00.

Goal

With development of the final plans, specifications and estimates for the IBTC Project, it has been determined that the 100 year flood plain elevation was set higher than necessary. While a higher elevation is conservative as it relates to protecting the roadway from flooding, lowering the elevation would be acceptable and would result in less fill material necessary for the road bed. This will result in a construction cost savings for the project.

Staff has negotiated a fee for updating the 100 year flood plain elevations. The proposed fee for the work is $46,150.88.

Options

Supplemental 1 to Work Authorization 1 with Halff Associates may be disapproved, however, the schedule to construct the roadway may be placed in jeopardy.

Recommendation

Based on review by this office, **approval of Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreement with Halff Associates to prepare plans, specifications and estimates for IBTC Project to update the 100 year flood plain elevations is recommended in the amount of $46,150.88, for a revised maximum payable amount of $2,099,825.11.**

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 109

APPROVAL OF SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATION NUMBER 1 TO PROFESSIONAL SERVICE AGREEMENT WITH HALFF ASSOCIATES FOR PREPARATION OF PLANS, SPECIFICATION AND ESTIMATES THE INTERNATIONAL BRIDGE TRADE CORRIDOR PROJECT TO UPDATE THE 1OO YEAR FLOOD PLAIN ELEVATIONS

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act");

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County;

WHEREAS, the Authority has adopted a Strategic Plan that prioritizes the State Highway 365 (SH 365), International Bridge Trade Corridor (IBTC) and State Highway 68 (SH 68) Projects; and

WHEREAS, on December 10, 2013, the Authority closed on the Vehicle Registration Fee Revenue and Refunding Bond Series 2013 and has programmed the funds for the advance project development of the SH 365 and IBTC Projects; and

WHEREAS, the Authority solicited Statement of Qualifications for Engineering Services for the International Bridge Trade Corridor Project; and

WHEREAS, the Technical Committee rated, ranked and recommended a short list to the Board of Directors; and

WHEREAS, on November 20, 2013 the Board of Directors short listed TEDSI Infrastructure Group, S&B Infrastructure, Halff Associates, L&G Engineering and Unitech Consulting Engineers for Engineering Services; and

WHEREAS, on January 22, 2014, the Board of Directors interviewed the short listed firms and selected Halff Associates, TEDSI Infrastructure Group and S&B Infrastructure for Engineering Services and authorized Authority staff to negotiate a Professional Service Agreement with each firm; and

WHEREAS, on April 23, 2014, the Authority approved a Professional Service Agreement to Halff Associates to prepare plans, specifications and estimates for the IBTC Project in the amount of $1,988,674.98; and

WHEREAS, on July 23, 2014, the Authority approved Work Authorization Number 2 to the Professional Service Agreement with Halff Associates to prepare plans, specifications and estimates for the relocation of the Valley View Road Lift Station in the amount of $65,000.00; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreement with Halff Associates to update the 100 year flood plain elevations for the IBTC Project in the amount of $46,150.88;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board approves Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreement to Halff Associates to update the 100 year flood plain elevations for the IBTC Project, hereto attached as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute the Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreement with Halff Associates.

*****

PASSED AND APPROVED AS TO BE EFFECTIVE IMMEDIATELY BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY AT A REGULAR MEETING, duly posted and noticed, on the 20th day of November, 2014, at which meeting a quorum was present.

The proposed work for this supplement includes the lowering of the mainlane profile as a result of the 100-year water surface determination. This lowering will minimize the embankment material required for the construction of the mainlane, provide additional storage volume in the outer separation, and reduce storm drain system. The limits of lowering will include from Alamo Road east to the Levee Floodway Bridge (Sta. 402+00 to Sta. 508+00) and will be checked to maintain the 3:1 side slopes for the ultimate condition. This will include drawing and calculation revisions to the following items before the 60 percent submittal:

1. Mainlane plan & profiles (11 sheets);
2. Ramp plan & profiles (12 sheets);
3. Outer separation ditch profiles (11 Sheet);
4. Test Ultimate Condition Mainlane for side slope requirements (11 sheets);
5. Quantity revisions;
6. Storm system revisions
7. Storm calculation revisions;
8. Cross section revisions.

We anticipate the revision to take approximately three (3) weeks to complete. This will result in a revised schedule with the following dates:

1. 60% Submittal by Friday, December 5, 2014
2. 90% Submittal by Friday, January 30, 2015
3. 100% Submittal by Friday, February 27, 2015

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Re: **Approval of Supplemental Number 1 to Professional Service Agreement with Halff Associates**

Background

At the January 22, 2014, regular meeting, the Hidalgo County Regional Mobility Authority (HCRMA) Board of Directors authorized staff to negotiate with Halff & Associates for Engineering Service to prepare the final plans, specifications and estimates for the International Bridge Trade Corridor (IBTC) Project.

At the April 23, 2014, regular meeting, the HCRMA Board of Directors approved the Professional Service Agreement and Work Authorization Number 1 with Halff Associates to provide final plans, specifications and estimates for the IBTC Project in the amount of $1,988,674.23.

On July 23, 2014, the HCRMA Board of Directors approved Work Authorization Number 2 to the Professional Service Agreement with Halff Associates to provide plans, specifications and estimates for relocation of the Valley View Road Lift Station in the amount of $65,000.00.

Goal

With development of the final plans, specifications and estimates for the IBTC Project, it has been determined that the 100 year flood plain elevation was set higher than necessary. While a higher elevation is conservative as it relates to protecting the roadway from flooding, lowering the elevation would be acceptable and would result in less fill material necessary for the road bed. This will result in a construction cost savings for the project.

Staff has negotiated a fee for updating the 100 year flood plain elevations. The proposed fee for the work is $46,150.88.

Options

Supplemental 1 to the Professional Service Agreement with Halff Associates may be disapproved, however, the schedule to construct the roadway may be placed in jeopardy.

Recommendation

Based on review by this office, **approval of Supplemental Number 1 to the Professional Service Agreement with Halff Associates to increase the maximum payable amount for Supplemental Number 1 to Work Authorization Number 1 is recommended in the amount of $46,150.88, for a revised maximum payable amount of $2,099,825.11.**

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 110

APPROVAL OF SUPPLEMENTAL NUMBER 2 TO PROFESSIONAL SERVICE AGREEMENT WITH HALFF ASSOCIATES TO INCREASE THE MAXIMUM PAYABLE AMOUNT FOR SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATION NUMBER 1

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act");

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County;

WHEREAS, the Authority has adopted a Strategic Plan that prioritizes the State Highway 365 (SH 365), International Bridge Trade Corridor (IBTC) and State Highway 68 (SH 68) Projects; and

WHEREAS, on December 10, 2013, the Authority closed on the Vehicle Registration Fee Revenue and Refunding Bond Series 2013 and has programmed the funds for the advance project development of the SH 365 and IBTC Projects; and

WHEREAS, the Authority solicited Statement of Qualifications for Engineering Services for the International Bridge Trade Corridor Project; and

WHEREAS, the Technical Committee rated, ranked and recommended a short list to the Board of Directors; and

WHEREAS, on November 20, 2013 the Board of Directors short listed TEDSI Infrastructure Group, S&B Infrastructure, Halff Associates, L&G Engineering and Unitech Consulting Engineers for Engineering Services; and

WHEREAS, on January 22, 2014, the Board of Directors interviewed the short listed firms and selected Halff Associates, TEDSI Infrastructure Group and S&B Infrastructure for Engineering Services and authorized Authority staff to negotiate a Professional Service Agreement with each firm; and

WHEREAS, on April 23, 2014, the Authority approved a Professional Service Agreement to Halff Associates to prepare plans, specifications and estimates for the IBTC Project in the amount of $1,988,674.98; and

WHEREAS, on July 23, 2014, the Authority approved Work Authorization Number 2 to the Professional Service Agreement with Halff Associates to prepare plans, specifications and estimates for the relocation of the Valley View Road Lift Station in the amount of $65,000.00; and

WHEREAS, on July 23, 2014, the Authority approved Supplemental Number 1 to the Professional Service Agreement with Halff Associates to increase the maximum payable amount for Work Authorization Number 2 in the amount of $65,000.00 for a revised maximum payable amount of $2,053,674.23; and

WHEREAS, on November 20, 2014, the Authority approved Supplemental Number 1 to Work Authorization Number 1 to the Professional Service Agreement with Halff Associates for plans, specifications and estimates for the IBTC Project to update the 100 year flood plain elevations in the amount of $46,150.88; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 2 to the Professional Service Agreement with Halff Associates to increase the maximum payable amount for Supplemental Number 1 to Work Authorization Number 1 in the amount of $46,150.88 for a revised maximum payable amount of $2,099,825.11;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board approves Supplemental Number 2 to the Professional Service Agreement to Halff Associates for a revised maximum payable amount of $2,099,825.11, hereto attached as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute the Supplemental Number 2 to the Professional Service Agreement with Halff Associates.

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Supplemental Number 1 to Work Authorization Number 2 to Professional Service Agreement with S&B for final PS&E for SH 365 for additional bridge detailing**

Background

On October 27, 2011, the Hidalgo County Regional Mobility Authority (HCRMA) Board of Directors awarded a professional serviced agreement to S&B Infrastructure in the maximum payable amount of $4,363,952.78. The design services awarded are to provide plans, specifications and estimates for SH365 SH 336 (10th Street) to FM 3072 (Dicker Road). Subsequently, the HCRMA has awarded Work Authorization No. 1 in the amount of $887,287.51.

On November 21, 2012, the HCRMA Board of Directors amended and restated S&B's professional service agreement to amend the project limits from McColl Road to US 281/Military Highway, add DBE/HUB reporting requirements and increased the maximum to payable amount to $4,714,339.28.

On December 18, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 for finals plans, specifications and estimates for the SH 365 Project in the amount of $3,611,450.28.

Goal

In August, the Texas Department of Transportation (TxDOT) notified the Authority that the Bridge Design Manual had been updated with new bridge detailing. TxDOT has advised the Authority that plans will have to comply with update. The plans for SH 365 are approximately 85% complete and will require work that has been completed to be re-worked to meet the new TxDOT standards.

Staff is proposing Supplemental Number 1 to Work Authorization No. 2 to the Professional Service Agreement with S&B Infrastructure to provide updated bridge detailing for the project. Staff has negotiated a fee of $405,357.62 to perform the work. The work is proposed to be completed by January 2014.

Options

Supplemental No. 1 to Work Authorization No. 2 may be disapproved and the work deferred to a later date, however, the required construction deadline of August 2016 will not be achieved.

Recommendation

Based on review by this office, **approval of Resolution 2014-107 – Approval of Supplemental Number 1 to Work Authorization Number 2 to the Professional Service agreement with S&B Infrastructure for final plans, specifications and estimates for SH 365 Project for additional bridge detailing due to TxDOT Bridge Design Manual updates the amount of $405,357.62 is recommended.**

BOARD RESOLUTION No. 2014 – 107

APPROVAL OF SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATION NUMBER 2 TO PROFESSIONAL SERVICES AGREEMENT WITH S&B INFRASTRUCTURE FOR FINAL PLANS, SPECIFICATIONS AND ESTIMATES FOR STATE HIGHWAY 365 PROJECT FOR ADDITIONAL BRIDGE DETAILING DUE TO TEXAS DEPARTMENT OF TRANSPORTATION BRIDGE MANUAL DETAIL UPDATES

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act"); and

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County; and

WHEREAS, on April 13, 2011, the Authority awarded a professional service agreement for engineering services to S&B Infrastructure (the "Consultant") for design work, including plans, specifications, and estimates, for the Trade Corridor Connector ("SH 365 TCC") and on May 2, 2012, by Resolution 2012-11, the Authority amended and restated that agreement (the "Amended and Restated Agreement") in the maximum payable amount of $4,363,952.78; and

WHEREAS, pursuant to Resolution 2012-11, the Authority approved Work Authorization Number 1 under the Amended and Restated Agreement in the amount of $887,287.51; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the professional service agreement with the Consultant to perform plans, specifications and estimates for the revised State Highway 365 (SH 365) project limits from East of McColl Road (Project Station 986+00) to US 281/Military Highway and to revise the DBE/HUB reporting requirements in the amount of $350,386.28. The Consultants maximum payable amount was revised from $4,363,952.78 to $4,714,339.28 and Work Authorization Number 1 remained in the amount of $887,287.51; and

WHEREAS, on December 18, 2013, the Authority approved Work Authorization Number 2 to the Professional Service Agreement with S&B Infrastructure in the amount of $3,611,450.28 for final plans, specifications and estimates for the SH 365 Project from McColl Road to US 281/Military Highway; and

WHEREAS, HCRMA Staff has negotiated Supplemental Number 1 to Work Authorization Number 2 to the Professional Service Agreement with S&B Infrastructure in the amount of $405,357.62 to provide additional bridge detailing required by the Texas Department of Transportation due to bridge manual detail updates; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 1 to Work Authorization Number 2 to the Professional Service Agreement with S&B Infrastructure in the amount of $405,357.62;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 1 to Work Authorization Number 2 attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute the Supplemental Number 1 to Work Authorization Number 2 as approved.

HCRMA
HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Supplemental Number 1 to Professional Service Agreement with S&B to increase maximum payable amount for Supplemental 1 to Work Authorization Number 2**

Background

On October 27, 2011, the Hidalgo County Regional Mobility Authority (HCRMA) Board of Directors awarded a professional serviced agreement to S&B Infrastructure in the maximum payable amount of $4,363,952.78. The design services awarded are to provide plans, specifications and estimates for SH365 SH 336 (10th Street) to FM 3072 (Dicker Road). Subsequently, the HCRMA has awarded Work Authorization No. 1 in the amount of $887,287.51.

On November 21, 2012, the HCRMA Board of Directors amended and restated S&B's professional service agreement to amend the project limits from McColl Road to US 281/Military Highway, add DBE/HUB reporting requirements and increased the maximum to payable amount to $4,714,339.28.

On December 18, 2013, the HCRMA Board of Directors approved Work Authorization Number 2 for finals plans, specifications and estimates for the SH 365 Project in the amount of $3,611,450.28.

Goal

In August, the Texas Department of Transportation (TxDOT) notified the Authority that the Bridge Design Manual had been updated with new bridge detailing. TxDOT has advised the Authority that plans will have to comply with update. The plans for SH 365 are approximately 85% complete and will require work that has been completed to be re-worked to meet the new TxDOT standards.

Staff is proposing Supplemental Number 1 to Work Authorization No. 2 to the Professional Service Agreement with S&B Infrastructure to provide updated bridge detailing for the project. Staff has negotiated a fee of $405,357.62 to perform the work. The work is proposed to be completed by January 2014.

Options

Supplemental No. 1 to Work Authorization No. 2 may be disapproved and the work deferred to a later date, however, the required construction deadline of August 2016 will not be achieved.

Recommendation

Based on review by this office, **approval of Resolution 2014-108 – Approval of Supplemental Number 1 to the Professional Service agreement with S&B Infrastructure to increase the maximum payable amount for Supplemental Number 1 to Works Authorization Number 2 is recommended in the amount of $186,756.13 for a revised maximum payable amount of $4,901,095.41.**

If you should have any questions or require additional information, please advise.

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014 – 108

APPROVAL OF SUPPLEMENTAL NUMBER 1 TO PROFESSIONAL SERVICES AGREEMENT WITH S&B INFRASTRUCTURE TO INCREASE THE MAXIMUM PAYABLE AMOUNT FOR SUPPLEMENTAL NUMBER 1 TO WORK AUTHORIZATOIN NUMBER 2

THIS RESOLUTION is adopted this 20th day of November, 2014, by the Board of Directors of the Hidalgo County Regional Mobility Authority at a regular meeting.

WHEREAS, the Hidalgo County Regional Mobility Authority (the "Authority"), acting through its Board of Directors (the "Board"), is a regional mobility authority created pursuant to Chapter 370, Texas Transportation Code, as amended (the "Act"); and

WHEREAS, the Authority is authorized by the Act to address mobility issues in and around Hidalgo County; and

WHEREAS, on April 13, 2011, the Authority awarded a professional service agreement for engineering services to S&B Infrastructure (the "Consultant") for design work, including plans, specifications, and estimates, for the Trade Corridor Connector ("SH 365 TCC") and on May 2, 2012, by Resolution 2012-11, the Authority amended and restated that agreement (the "Amended and Restated Agreement") in the maximum payable amount of $4,363,952.78; and

WHEREAS, pursuant to Resolution 2012-11, the Authority approved Work Authorization Number 1 under the Amended and Restated Agreement in the amount of $887,287.51; and

WHEREAS, on November 21, 2012, the Authority Amended and Restated the professional service agreement with the Consultant to perform plans, specifications and estimates for the revised State Highway 365 (SH 365) project limits from East of McColl Road (Project Station 986+00) to US 281/Military Highway and to revise the DBE/HUB reporting requirements in the amount of $350,386.28. The Consultants maximum payable amount was revised from $4,363,952.78 to $4,714,339.28 and Work Authorization Number 1 remained in the amount of $887,287.51; and

WHEREAS, on December 18, 2013, the Authority approved Work Authorization Number 2 to the Professional Service Agreement with S&B Infrastructure in the amount of $3,611,450.28 for final plans, specifications and estimates (PS&E) for the SH 365 Project from McColl Road to US 281/Military Highway; and

WHEREAS, on November 20, 2014, the Authority approved Supplemental Number 1 to Work Authorization Number 2 to the Professional Service Agreement with S&B Infrastructure in the amount of $405,357.62 to provide bridge detailing updates for SH 365 PS&E required by the Texas Department of Transportation due to Bridge Design Manual updates; and

WHEREAS, the Authority has determined it is necessary to approve Supplemental Number 1 to the Professional Service Agreement with S&B Infrastructure to increase the maximum payable amount for Supplemental Number 1 to Work Authorization Number 2 in the amount of $186,756.13 for a revised maximum payable amount of $4,901,095.41;

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY THAT:

Section 1. The recital clauses are incorporated in the text of this Resolution as if fully restated.

Section 2. The Board hereby approves Supplemental Number 1 to the Professional Service Agreement with S&B Infrastructure attached hereto as Exhibit A.

Section 3. The Board authorizes the Executive Director to execute the Supplemental Number 1 to to the Professional Service Agreement with S&B Infrastructure as approved.

Memorandum

To: Rance G. Sweeten, Chairman

From: Pilar Rodriguez, PE, Executive Director

Date: November 12, 2014

Re: **Approval of Resolution 2014-111 - Appointment of an Audit Committee to Rate, Rank and Short List respondents to Request for Qualifications for Audit Services**

Background

Texas Administrative Code, Title 43, Part 1, Chapter 26, Subchapter G, §26.62 requires the HCRMA to have an annual financial and compliance audit of its books and records to be conducted by an independent certified public accountant in accordance with generally accepted auditing standards. Also, the HCRMA bylaws requires the HCRMA to submit an annual audit conducted by an independent certified public accountant in accordance with generally accepted auditing standards to Texas Department of Transportation, the County of Hidalgo, and the City of McAllen within one hundred twenty (120) days after the end of the fiscal year.

On September 24, 2014, the Board approved Resolution 2014-93 – Authorization to Solicit Requests for Qualifications to provide Audit Services for the HCRMA.

Additionally, the following are the HCRMA Committees with appointed members:

Executive Committee
Rance G. Sweeten, Chairman
Josue Reyes, Vice-Chairman
Ricardo Perez, Secretary/Treasurer

Planning Committee
Ricardo Perez, Secretary/Treasurer
Michael Cano, Board Director
Alonzo Cantu, Board Director

Finance Committee
David Guerra, Board Director
Forrest Runnels, Board Director
Josue Reyes, Vice-Chairman

Technical Committee
Josue Reyes, Vice-Chairman
Pilar Rodriguez, Executive Director
Louis Jones, Project Manager

Goal

Staff proposes the creation of an Audit Committee to rate and rank the firms that have submitted SOQ's based on criteria and rating scales published as part of the solicitation of the SOQ's. After the firms have been rated and ranked, a short list would be presented to the Board for further consideration and possible interviews with rating criteria.

Options

The Board may consider using the Finance Committee or another Adhoc Committee to rate, rank and short list firms based on qualifications.

Recommendation

Based on review by this office, **approval of Resolution 2014-111 – Approval of an appointment of an Audit Committee to Rate, Rank and Recommend a Short List for Audit Services.**

If you should have any questions or require additional information, please advise.

HIDALGO COUNTY REGIONAL MOBILITY AUTHORITY

BOARD RESOLUTION No. 2014-111
